Power District

Nature Of Opinion

Docket Number: L-00000B-21-0393-00197

Docket Position: Against

To The Honorable Chairman Jim O'Connor, Commissioners Nick Myers, Kevin Thompson, Anna Tovar, and Lea Marquez Peterson, I am a current resident of Randolph, Arizona, where Salt River Project (SRP) continues to invade our privacy by ignoring our voices, the voices of the Arizona Corporation Commission, and the voice of the Superior Court. I would like to first start out by thanking Chairman Jim O'Connor, Commissioners Anna Tovar, Lea Marquez Peterson, and Former Commissioner Sandra Kennedy for standing with this community in DENYING SRP's request for a Certificate of Environmental Compatibility, NOT ONCE, BUT TWICE! Thank you! You did the right thing by voting against this; so since it was right the 1st time, right the 2nd time, how can it not be right the 3rd time? To Chairman O'Connor, the 2nd time that you voted you stated that it was going to end up in court, and you were right. Not only did it end up in court, but another right decision was made corroborating that what the Arizona Corporation Commission did was right. So remember, Chairman O'Connor, Commissioners Tovar, Marquez Peterson, and Former Commissioner Kennedy that Superior Court told you that you did the right thing the 1st time and the 2nd time, so why would you do wrong the 3rd time? So once again, please stand with this community in helping us to fight this warfare by holding fast to one of the MOST IMPORTANT DECISIONS, that no doubt, has been made in the history of this commission. To the two new commissioners Nick Myers and Kevin Thompson, I know that you were not sitting commissioners when this decision was made, but I beg of you to let the decision stand, for it was the right decision. You might ask, how do we know that the decision was right; well, because THE ARIZONA CORPORATION COMMISSION and SUPERIOR COURT said so. Thanking you in advance for doing the right thing the 3rd time! PLEASE SPARE OUR HEALTH!
